IMMENSE DAM GIVES WAY

Wall of Ice Water From the Reservoir
of the West Virginia Pulp and Paper
Company Starts a Flood Wave,
Laden With Wreckage, Down the
Potomac Valley.Cumberland, Md., Jan. 16.—Huddled
in rude shacks and about blazing
campfires hundreds of flood refugees
watched and waited in the West
Virginia hills while the northern branch
of the Potomac river, a swollen icy
flood, swept through their homes in
the towns in the valley below.A wall of water, starting from the
broken dam of the West Virginia Pulp
and Paper company on Stony creek,
moved down to the Potomac, inundat-
ing the town of Schelt, W. Va., where
the two streams meet, and started a
flood wave, laden with wreckage and
ice, down the valley of the Potomac.Warnings of the approaching flood
sent the residents of small towns
along the river scurrying to safety in
the hills, where, from safe vantage
points, they peered in an icy gale to-
ward the swollen waters below.Rumors of several men caught in
the flood waters at Shaw, W. Va.,
twenty miles from Schelt, which could
not be confirmed, were the only re-
ports of casualties attending the flood.The flood warning emptied the town
of Shaw and sent many residents of
Blaine, Harrison, Kitzmiller and other
small places in the path of the water
hurry to the ridges. Fear that the
waters might rise still further pre-
vented many of the refugees from re-
turning to their homes, even in towns
where little damage was done.The flood wave apparently expended
its energy in a mad twenty-mile dash
down the valley of Stony creek from
the dam to Schelt. This valley, how-
ever, was practically uninhabited. It
was owned by the West Virginia Pulp
and Paper company as a right of way
and watershed.The big dam, which impounded a
lake of water five miles long and
which was sixty-five feet high, had
been weakening for several days. It
began to crumble and a farmer from
the mountain village of Mount Storm
rode down the valley warning the few
inhabitants of the impending danger.

1,000 HOUSEHOLDS BURIED

Many Houses and Villages in Japan
Still Burning.Kagoshima, Jan. 16.—A relief party
reports that in four villages of Sakura
1,000 households were destroyed and
buried in lava immediately after the
first eruption. The burning lava set
fire to many other houses and vil-
lages on the east still are burning.
The shores are heaped with the bodies
of animals.On Wednesday night additional ex-
plosive eruptions occurred constantly.
The villages of Arimura and Yokohama,
lying between the peaks, were ex-
terminated by the explosions on Tues-
day.

Bridge of Oceanic Is Torn Away by
Giant Sea.New York, Jan. 16.—With her
bridge torn away by a giant sea and
her decks deep in snow the steamship
Oceanic of the White Star line came
in from Southampton, twenty-six
hours late. She brought 362 passen-
gers.It was on Tuesday, during a gale
that carried with it sleet, hail and
snow, that the big sea came aboard.
It buried the forward deck, mounted
to the bridge and carried away every-
thing movable.

JIBBONS DEFEATS WORGIN

Tommy Knocks Out Milwaukee Man
in Four Rounds.Hudson, Wis., Jan. 16.—More than
two thousand persons, crowded into
a hall that 1,500 would have packed
beyond the capacity point, saw Tommy
Gibbons emulate his famous brother
Mike by knocking out Al Worgin of
Milwaukee in the fourth session of a
bout scheduled for ten rounds. Jim-
my Whelan of St. Paul and Billy De-
foe of Red Wing fought six fast
rounds as a curtain raiser, Whelan
having a fair margin, and Johnny Sal-
vatore and Buff Seidel, both of St.
Paul, supplied a somewhat gory semi-
windup in which honors were fairly
evenly distributed.

STRIPES HELD AN "HONOR"

Arrested Entirely at Leaven-
worth Federal Prison.Leavenworth, Kan., Jan. 16.—Wear-
ing stripes in the United States peni-
tentiary ended here when they were
removed from Richard Osborne,
participant last June in a sensational
attempt to escape.Warden Morgan found that instead
of being a punishment the stripes, worn
as an indication that a man had
attempted to escape, were a mark of
honor in the prison and were worn
with pride.

jestic at Cherbourg.New York, Jan. 16.—The White Star
liner Majestic, carrying Francis Bowes
Sayre and Mrs. Sayre, was rammed by

coal port smashed in, according to a
message received here by the White
Star line.A plate was riveted over the hole,
however, and the liner got away for

APPEAL FOR FUNDSAsks Americans to Aid Suffer-
ers in Japan.Washington, Jan. 16.—President
Wilson issued an appeal to the Ameri-
can people, as president of the Ameri-
can Red Cross, for funds to assist the
people of Japan who are suffering
not only from the earthquake but
from the failure of crops. The presi-
dent's appeal is as follows:"Our sister nation of Japan is suf-
fering from two very serious disasters.
The failure of crops in the north-
eastern part of that country has
brought hundreds of thousands of per-
sons face to face with the terrible
misery of slow starvation and in the
southwestern island of Kyushu sud-
den great volcanic eruption has car-
ried death and desolation to large
numbers in a thickly populated dis-
trict.""I appeal to the humanity of our
American people that they give ex-
pression to their sympathy for the
suffering and distress of so many of
their fellow men by generous contri-
butions for their aid. Such contri-
butions can be made to the local Red
Cross treasurers or sent directly to
the American Red Cross, Washing-
ton, D. C."

SHERIFF'S REMOVAL SOUGHT

Charges of Malfeasance in Office
Made Against Wisconsin Man.Phillips, Wis., Jan. 16.—Alleging
malfeasance in office City Attorney
J. S. Barry of Phillips has petitioned
Governor F. E. McGovern for the re-
moval of Sheriff M. Christianson of
Price county. It is charged that
Christianson has failed to account for
fees received and that he extorted
money from persons committed to his
charge and that he unlawfully re-
ceived money for the compromise of
a criminal case. A hearing will be
held at Phillips on Jan. 26.

ing the uniforms of United States na-
val reserves, were found dead with bul-
let holes in their temples in a room in
a downtown hotel.Papers in their uniforms indicted
them were Earl Bostwick of Fort
Dodge, Ia., and E. A. Buchanan, both
attached to the training station at

will of Mrs. Mary Becker,
mother of former Police Lieut.
tenant Charles Becker, now at
Sing Sing prison awaiting ex-
ecution for the murder of Her-
man Rosenthal, the condemned
man is left one-ninth of the
estate, valued at \$3,500. Mrs.
Becker died Dec. 18 last in
ignorance of the fact that her
son had been implicated in the
Rosenthal case.CERTAIN TO BUILD
ALASKA RAILWAYProject Has Enough Support-
ers to Pass Measure.

GREAT PRINCIPLE INVOLVED

Another Step Toward Government
Ownership of Railroads—Calamity
Howlers Begin Work For Next Cam-
paign—Much Time Wasted by Con-
gress Over Minor Matters.By ARTHUR W. DUNN.
Washington, Jan. 16.—[Special.]—
Probably no bill of more far-reaching
importance will pass congress this ses-
sion than the Alaska railroad bill.
Argue it as they may, call it an em-
ergency measure or what they will, it
cannot be denied that the Alaska rail-
road bill commits the United States to
government ownership of railroads.The same was true when the United
States took over the Panama railroad,
but that was considered only a little
matter, necessary on account of the
great work to be accomplished. But
the Alaska railroad is to be built and
operated by the government as a sim-
ple common carrying proposition and
for the benefit of the people of Alaska
to help them develop the country and
to get the great mining products of
that country to tidewater.The principle involved.
The great principle involved is that
where a community needs transporta-
tion the government ought to provide
it. If private enterprise cannot or will
not build transportation lines where
they are needed, then it becomes the
duty of the general government to con-
struct such lines. That is the argu-
ment that will be made hereafter
whenever any part of the country
thinks it should be treated as well as
the sparsely settled regions of Alaska.No wonder many Democrats balk at
the idea, hesitate and wonder whether
some better reason cannot be found for
building the Alaska railroad than that
the people of that country want it.
For instance, if it could be shown that
the navy needs coal or that the whole
country is to receive a great benefit by
the construction of this railroad line
it would let them down easy. And yet
it seems to be generally conceded that
the progressive element in all parties
will put the bill through as a simple
government ownership proposition.Hard Times and Votes.
Republican prognosticators are on
the job. Men who have hoped that the
lions of Africa or the pumas of South
America would get Roosevelt and who
have "cussed out" Taft have come out
of their hiding places and begun count-
ing up the number of votes which will
come to the Republican party as a re-
sult of hard times. Every time they
hear that 2,000 men have been laid off
in one place or that 50,000 are out of
employment in another these prophets
are wont to remark, "All those men
can vote.""Calamity Howlers." they are termed,
and it is a fact that the "calamity
howl" has served well its purpose in
politics. By any other name it would
smell as sweet. The cry of high prices
in 1890 and 1892 wiped out the Republi-
cans. The cry of hard times in 1894
and 1896 wiped out the Democrats.
The cry of the high cost of living in
1910 and 1912 defeated the Republi-
cans. And now the cry of hard times is
to be used for a political purpose in the
campaigns of 1914 and 1916.All are "calamity howlers." There is
just as much "calamity" in high prices
as in hard times. Neither party is ex-
empt from the charge of using condi-
tions for political purposes. And when
it comes down to hard facts the lead-
ers in the different parties are more
interested in getting power and places
than anything else.A Burning Question.
During the last session of congress
there was slipped into an appropri-
ation bill a provision changing Six-
teenth street, a name of 100 years, to
the Avenue of the Presidents. This
was done at the behest of a woman
who has exerted more influence on
legislation affecting Washington than
any half dozen men. And now there
has been inserted in the District ap-
propriation bill a provision to restore
the old name. It means a bitter fight.
Both factions are lined up. The con-
gress of the United States will be torn
up for weeks over this matter. Pages
of the Congressional Record will be
filled with arguments pro and con. A
tempest in a teapot, say people who do
not live here. Certainly, but congress
will take as much time over that in-
consequential matter as if it were
something of vital importance to the
nation.Overworked Postal Employees.
It is to be hoped that congress will
show some interest in the overworked
postal employees. The carriers and
others who do the actual work of
handling the mails need more pay.
The parcel post and other improve-
ments in the postal service have entailed
a great deal of work. Most of the
other government employees are bet-
ter paid than those who are doing this
work.Deserted Cafes.
Washington cafes, resorts of money-
spending people, are generally desert-
ed except on special occasions like
watching the old year out and the new
year in or at the tango parties. The
regular boarders are not there.Good Time.

the wedding? Belle—Yes, indeed. Ev-
erybody cried.—Philadelphia Record.

DOES NOT WISH A PARDON

Foulke E. Brandt Writes Attorney
General of New York.Albany, N. Y., Jan. 15.—Foulke E.
Brandt, former valet of Mortimer L.
Schiff of New York, now on parole
from Dannamora prison, wrote Attor-
ney General Carmody from a North-
western lumber camp denying the re-
port that he desired an unconditional
pardon.HATPIN STAB KILLS
MILWAUKEE MANSlowly Bleeds to Death From
Slight Wound.Milwaukee, Jan. 16.—Daniel Swee-
ney, who was stabbed with a hatpin
by Miss Mary Hermes at Cudahy, a
suburb, on New Year's eve, carried a
piece of the weapon in his heart four-
teen days and slowly bled to death.
This was the decision in a post-
mortem examination by physicians.
Sweeney died Jan. 14.The piece of hatpin was four inches
long. It was found to have entered
his chest on the left side, penetrated
the aorta and pericardium, the lining
of the heart. The slight puncture in
the aorta caused a slow hemorrhage,
the physicians said. Sweeney's death
occurred after a hemorrhage.Miss Hermes said she had been at-
tacked by Sweeney and acted in self-
defense. She refused to discuss the
affair further. She has not been ar-
rested.

MEN WILLING TO ARBITRATE

Fargo Contractors, However, Firm for
Open Shop.Fargo, N. D., Jan. 16.—In order to
get the contractors and the union men
of Fargo together before the building
season opens business men are inter-
esting themselves in the matter. In
December the contractors announced
they would declare for the open shop
and since then little has been done.
Eugene Young of the national or-
ganization of the carpenters is here
in charge of the union side. The
building trade workers announce their
willingness to arbitrate, but the con-
tractors insist there is nothing but
the recognition of the union in con-
troversy and it would be a hopeless
task to endeavor to modify the rules
of the union, which are all affiliated
with national organizations.

TO PROBE DEATH OF JORDAN

Gained Fame as Rival of Duke for
Hand of Heiress.Chicago, Jan. 15.—Preparations
have been made for an inquest over
the body of Isaac M. Jordan, who once
gained fame as the rival of the Duke
of Manchester for the hand of the
\$10,000,000 heiress, Helen Zimmer-
man, and who killed himself at the
Palmer House.In 1900 Jordan was engaged to the
Cincinnati heiress, but the titled for-
eigner took her away. Later he mar-
ried the Chicago beauty, Kathryn
Grosscup, who secured a divorce last
year. Brooding over the divorce he
believed to have caused the suicide.

EXPRESS RATES TO BE CUT

Decrease of From 24 to 30 Per Cent
Is Forecast.Grand Forks, N. D., Jan. 16.—A de-
cision to give the federal express
rates a tryout in North Dakota, it is
expected, will result from the hearing
held by the state railroad commission
in Grand Forks.Answering objections that the fed-
eral rate would work a discrimination
against Fargo shippers and in favor
of Grand Forks the shippers of Grand
Forks responded that they would be
able to take advantage of the inter-
state rates by shipping from East
Grand Forks, Minn., and that any at-
tempt by the commission to promul-
gate a higher rate of tariffs to points
in the state than that provided by the
federal rate would be combated in
that manner.Traffic experts of the state told the
rail commission that the federal rates,
used as a basis for state rates, would
bring about an average decrease of
from 24 to 30 per cent in express
rates.SENATOR CLAPP WILL

VILLA TO MOVE SOUTHWARD

Next Rebel Attack Will Be Made
Upon Torreón.Chihuahua City, Jan. 16.—After his
decisive victory at Ojinaga, from
which place he drove General Salva-
dor Mercado's federal army into the
United States, General Francisco
Villa returned here with his army. He
gave directions for the early departure
of his troops southward, with a view
of attacking the federals about Tor-
reón and of carrying the revolution
into the southern cities.Reports from Torreón said that the
federals there were greatly alarmed
by the rebel victory at Ojinaga and
that they probably will flee if the
rebel army appears in force.Trim Figures.

SCORES DIPLOMATIC CORPS

Chairman of Postoffice Committee
Characterizes Our Representative
Abroad as a "Gang of Political Rep-
robates and Society Degenerates
That We Ought to Wipe Out of
Existence."Washington, Jan. 16.—Defiance of
administration disapproval of the post-
office appropriation bill, because of
the provision exempting all the 2,400
assistant postmasters in the country
from civil service, was voiced in the
house debate by Representative Moon
of Tennessee, chairman of the post-
office committee.In his speech he attacked the Ameri-
can diplomatic corps as a "superflu-
ous appendage to the republic" and
a "gang of political reprobates and
society degenerates that we ought to
wipe out of existence."Mr. Moon said he had received a
letter from Postmaster General Burle-
son saying the president did not ap-
prove the section regarding assistant
postmasters."This committee is not here to bow
to the will of the president or of the
postmaster general on a question
which they differ," he added. "No
domination of the postmaster general
nor threat of veto from the president
ought to swerve us from the course
we believe to be right. The views of
the president and the postmaster gen-
eral, however much I respect them,
certainly will not control me in my
vote."Suggesting the possibility of over-
riding any veto of the bill Mr. Moon
said he would have none but Demo-
crats on guard in the administration
of the government. "If you wanted to
make a monarchy of the republic," he
added, "all you would have to do
would be to apply the civil service to
congress, the president and his cabi-
net."He declared the consular service
consisted of all Republicans covered
by the civil service. "No man who is
not worth into the millions of dol-
lars can hold a position in one of the
great courts of Europe as ambassa-
dor or minister," he continued. "Must
the leaders of society, with the false
glare and glitter of their position,
falsely represent the sentiment of the
American people? Your whole diplo-
matic corps, in the interest of econ-
omy and good government and a for-
eign decent conception of the Ameri-
can people, ought to be abolished—
they are of the house of lords of the
United States."

WILL PICK MEN CAREFULLY

President in No Hast to Name Fed-
eral Reserve Board.Washington, Jan. 16.—President Wil-
son outlined the status of a number of
the problems before him. He an-
nounced that he probably will utilize
the full sixty-day period allotted by
law before making final selections for
the federal reserve board and would
proceed slowly and carefully. He
made it clear that he regards the task
ahead of him as one equally as im-
portant as constituting a whole su-
preme court of the United States. He
intends to canvass the field thorough-
ly, giving attention to geographical
considerations.The president will not insist that
anti-trust legislation be given prece-
dence in congress over rural credit
or vice versa, but is disposed to leave
them to parliamentary procedure,
hoping that both will be accomplished
at the present session.

MARTINE HAS STRIKE REMEDY

Senator Urges Government Owner-
ship of Coal Mines.Washington, Jan. 16.—Government
ownership of coal mines as a remedy
for strike disturbances was recom-
mended by Senator Martine of New
Jersey in a report submitted to Chair-
man Swanson of the senate commit-
tee which investigated the West Vir-
ginia coal strike troubles.Senator Martine, charged particular-
ly with the inquiry regarding inter-
ference with the mails and the employ-
ment of contract labor, reported that
the evidence failed to establish either
of these conditions. The report at-
tributed much violence and bloodshed
in West Virginia to the presence of
armed guards hired by the mine op-
erators.

WANTS HARD QUESTIONS
A number of papers are roasting Congressman Lindbergh for filing for re-election as a republican which they claim he is not. We have no wish to take issue with them but would like to ask them in all seriousness "What is a Republican?" Do not all speak at once—Fergus Falls Journal.
A Republican is or ought to be one who, when repeatedly given unanimous election as a republican, and by common consent made the leader of his party, should respect and appreciate the honor conferred on him, and try to work out his reforms within the party, and not throw the harpoon into it at every opportunity. If a man's convictions take him outside the party it should keep him outside, even at election time. Ask us something hard.—St. Cloud Journal-Press.

The Willmar Tribune thinks Wm. E. Lee should be the beneficiary of his own proposition, to eliminate all candidates for governor against the administration candidate but one. Mr. Lee is undoubtedly in accord with the Tribune on this matter and would be pleased to see the other candidates endorse the idea.

Bemidji has an election shortly, and the politicians in that hustling city are getting their knives and axes whetted for the fray, so to speak. The Pioneer says that "but one idea

Ayer's Cherry Pectoral

Ask Your Doctor.
J. C. Ayer & Co., Lowell, Mass.

seems to be forecast in the minds of the voters and that is to down the socialists, and it is undisputed that they are not as strong in Bemidji as in former years."

The Bemidji Pioneer is authority for the statement that Frank S. Lyman is able to be the senatorial candidate from that district. There is no better "timber" in the northern part of the state for the position as Mr. Lyman is one of the Beltrami county men who accomplish things, and the kind of men this northern section needs in the state legislature.

The distribution of \$10,000,000, or nearly one-half of the yearly earnings of an automobile concern, among the employes makes one wonder if the buyers of automobiles are getting their money's worth, and if so how does the concern happen to have so much surplus money. If it is a hold up that must be continued it is some comfort to think that the laborer will benefit by it.

Little Falls people are in correspondence with the Yellowstone National park superintendent regarding the securing of two elk calves for Pine Grove park in that city, and are informed that it costs \$15 per head to capture and crate the animals and that authority will have to be secured from the secretary of the interior before any steps can be taken toward getting them. Application is to be made and it will not be long before our neighbors down river will have the nucleus for a zoo.

The fruit growers in 1913 did a business of \$22,000 and shipped strawberries, blackberries, raspberries and 5,000 bushels of potatoes. The acreage this year will be larger than at any other time, it being estimated that 200 acres will be devoted to berry culture. The association has 117 members. At the annual election John W. Erickson was elected president, A. W. Nelson treasurer, F. L. Kinney secretary and F. J. Wingquist, Ed. Strombeck and John Skog directors. The board of directors will meet next Tuesday to select a manager.

M. & I. Win

Last evening Coffrain & Cook's alleys was the scene of a very exciting contest between the M. & I. team and the Laurels, which was won by the former by the narrow margin of 26 pins. The Laurels had been city champions up to last night's game, having defeated successively the different teams of the city. Ptes. Wright and his fellow bowlers of the Laurels rolled in their usual good form but the boys representing the "Scenic Highway of the North" were unusually strong and succeeded in bringing home the bacon. ECHO DAIRY CO. IMPROVEMENTS

Pasteurization of Milk and Cream
One of the New Features
Added

H. A. LIDENBURG, PROPRIETOR

Accompanying Article Explains in
Detail Process of Pas-
teurization

The Echo Dairy Co., now owned by H. A. Lidenburg, has under the new management installed many improvements which will be appreciated by Brainerd people, one of the greatest being the pasteurization of milk and cream.

Here's what the well known dairy scientist, Dr. Charles E. North, of New York City, has to say in regard to the pasteurization of milk:

"Pasteurization has, in the eyes of many, become a term of reproach, because the term has been abused. Pasteurization of milk means the heating of milk to such a temperature and for such a period of time as will insure the greatest destruction of the bacteria of infectious diseases transmissible by milk without injuring the chemical and physical properties of the milk itself.

"Why milk should be pasteurized. I want to say to you that this question of tuberculosis is not the only reason for pasteurizing milk is to prevent the large number of bacteria that get into the milk from getting into the children and babies. It is the presence of this miscellaneous large number of bacteria which irritates.

"Second in importance I consider the ferments which cause inflammation of the udders of cattle. It is almost impossible to go to any dairy herds without finding some of those diseases.

"Next in importance I consider typhoid fever, next tuberculosis and next scarlet fever and diphtheria. Last year I corresponded with a large number of milk dealers in different parts of the country, and not in one case was there a record of disease from pasteurized milk. I believe we still have to find any record of an epidemic of disease from pasteurized milk. The epidemics of the various diseases which are traced to milk and which causes the agitation are on raw milk invariably. It seems to me this is the best argument for pasteurization of milk."

What George Lloyd Magruder, A. M., M. D., Georgetown University, Washington, D. C., has to say about pasteurization in the bottle.

"Pasteurization of milk is a term applied to the process of heating milk to an appropriate temperature and holding it at that temperature for a sufficient time to destroy the disease producing germs found in the milk. The investigations made by the highest authority in Europe and America, have shown that disease producing germs are made harmless maintained for twenty minutes or by a temperature of 140 degrees more. It has also been established that this degree of heat and time of exposure do not change the taste nor exert any deleterious effects upon the nutritive value of milk. The cream line is not destroyed.

"The splendid results obtained where milk has been properly pasteurized in the bottle for infants and children, has drawn attention to the desirability of pasteurizing milk in the bottles in which the milk is to be delivered to the consumer. This method of pasteurizing in the final container has many points of merit. It pasteurizes the bottle at the same time that the milk is pasteurized; it eliminates the possibility of reinfection from the handlers of the milk and dust settling upon the surface of the caps."

Milk "Pasteurized-in-the-Bottle" under the Dacro Crown is the only real safe method.

Inefficient pasteurization. The inefficient method used in attempting to safeguard the general milk supply is by pasteurizing the milk before it is bottled. Sufficient heat, is ap-

plied to the milk to destroy the pathogenic (disease-dealing) organisms, but before it can be delivered it must be cooled, filled into exposed bottles and covered with exposed paper caps which are oftentimes applied by hand. Inasmuch as the milk is thus exposed after pasteurization to contamination from the germ-laden air, apparatus, bottles, caps or operators, the above method you will observe, does not solve the "Clean Milk" problem so necessary to the health of our people.

Efficient Pasteurization. Pasteurization is, however, properly and efficiently accomplished by first filling the bottles with milk, sealing hermetically with Dacro Crowns and applying sufficient heat for a determined length of time to properly pasteurize not only the milk but the interiors of the bottles and the Crowns as well.

In Boston 1911—during the throat epidemic, attributed to a contaminated milk supply—a celebrated dairy, although in no way responsible for the trouble, installed the Dacro System upon the advice of their medical advisers.

It must be evident to you that milk so pasteurized "in the final package" is safe and remains secure from all contamination until opened by the consumer.

Because we believe it is our duty to deliver to the people of this community a milk free from every vestige of impurity, and safeguarded against every possible source of contamination during transit, we have adopted "Pasteurization-in-the-Bottle" under the Dacro Crown—the perfect milk bottle seal.

Smith-Garvey

John L. Smith, of Minneapolis, brother of Alderman James R. Smith and Attorney E. R. Smith of this city, was married Wednesday evening at 8 o'clock to Miss Laura Garvey, daughter of Mrs. James Garvey of Minneapolis.

It was a quite home wedding. Mr. and Mrs. Smith left on the night train for Florida where they will spend their honeymoon. They will be at home to their friends after April 1 at Mr. Smith's home, 2323 Bryant avenue south, Minneapolis.

BASKETBALL

Little Falls High School vs Brainerd High School Saturday at 8 P. M.

Two keen old rivals meet once more tomorrow evening at 8 o'clock on the auditorium floor of the high school building.

Little Falls high will line up against the local high for basketball honors. Both teams have practiced hard for the event and a fast, clean game is assured. This is the first game of the season at home and both teams will use their best line-up. For the locals the following are trying for positions: White, Carlson, Durham, Vaughn, Day, Orne, Mahlum, Norquist, Trent, Koop, Denison and Golemboski.

A preliminary game will be staged between two school class teams for class honors. Admission 25 cents for the two games.

F. A. DARE IN TOWN

Brilliant Editor of the Walker Pilot on Way to Editorial Convention at Little Falls

F. A. Dare, editor of the Walker Pilot and one of the most persistent boosters of Northern Minnesota, was in Brainerd today and visited the Dispatch office. Mr. Dare was on his way to the editorial convention at Little Falls.

Walker and the fertile land in its vicinity will attract many residents and settlers this spring, said Editor Dare. The Walker Commercial club is working for good roads and more of them will be built this year than at any time in the last 15 years.

Editor Dare praised the progressive spirit apparent in Brainerd, but he had to object when the report had been circulated tacking young Joe Graves, the rising young Chippewa pitcher to Brainerd instead of to Walker.

"Well, it may be this way," said Mr. Dare. "Some of those outside papers may be laboring under the idea that the Walker reservation extends to the front door of Brainerd."

The Walker Pilot editorials and its crisp paragraphs are quoted over wide territory for Mr. Dare has such an apt way of putting things, compressing a whole sermon into about three lines, when compression renders such a course necessary.

He is a good booster for the Northern Minnesota editorial association, for he helped to start it.

DIVE PATRONS SHOT AND KILLED

Special to Dispatch:

Omaha, Neb., Jan. 16—Three young men, not over 19 years of age, held up the patrons of a dive in this city. They shot and killed E. Nickell, teller of the Omaha National bank, seriously wounded another prominent business man and robbed a dozen persons and escaped with \$8,000 in cash and jewelry.

Guarding Against Croup

The best safeguard against croup is a bottle of Foley's Honey and Tar Compound in the house. P. H. Ginn, Middleton, Ga., writes: "My children are very susceptible to croup, easily catch cold. I give them Foley's Honey and Tar Compound and in every instance they get prompt relief and are soon cured. We keep it at home and prevent croup." H. P. Dunn.—Adv't mwf

Howe's Travel Pictures

Americans are not generally aware of the fact that the greatest natural wonder in all the world is within the confines of their own country. Yet the fact is undeniable. Indeed it eclipses all other world wonders so completely that there is no comparison. It is uncomparable simply because it is incomparable. This matchless work of nature—the Grand Canyon of Arizona—will be portrayed by Lyman H. Howe at the Brainerd opera house Saturday afternoon and evening, January 17.

Its immensity is such that it dwarfs all other pre-conceived notions of it and belittles any other canyons you may have seen. It affords an entirely new standard by which to measure other so-called wonders.

A motor ride through the French Alps; by aeroplane over Paris; the infinite variety of polyps which build the coral islands of tropic seas; a study in palmystry; a spectacular fire consuming several hundred thousand barrels of oil; superb yachting scenes off Monte Carlo; and thrilling rescues of survivors through raging seas from a big ship dashed on the rocks, are a few of the many other features to be presented tomorrow. Matinee prices 15c, 25c and 35c. Evening prices 25c, 35c and 50c.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If tongue is coated or if cross feverish, constipated give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat sleep or act naturally, has stomach-ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. —Adv't.

1913 PERSONAL
PROPERTY TAXES

These taxes were turned over to County Treasurer S. R. Adair for collection on January 1, 1914. On March 1 a penalty of 10 per cent attaches to all delinquent taxes.

Included in these personal tax figures are occasionally the taxes for moneys and credits and henceforth according to the request of many subscribers these moneys and credits are shown under M. C. as follows:

Name of taxpayer M. C. 60c \$2.45, meaning that in this case \$2.45 represented this man's total tax and that 60 cents of the amount was moneys and credits. Sometimes the entire tax is moneys and credits and it is listed as follows: Name of taxpayer M. C. and amount.

The townships and towns are taken alphabetically, commencing with Allen township and closing with the city of Brainerd.

GETTING ON THE STAGE.

Dangers That Beset New Eggs in the Vaudeville Basket.

The most amazing thing to a theatrical manager is the utter lack of comprehension on the part of applicants of what professional work really means.

When I was writing vaudeville sketches I used to get letters from young fellows in country towns who wanted to go into vaudeville. For some unaccountable reason they figured out that that was the easiest way to break into the entertainment business. As a matter of fact, they were choosing the very toughest end of it all. In vaudeville there is no stage manager to tell one what to do and how to do it. He must rely entirely upon himself.

Furthermore, he must do his own booking, get his own transfer agent to take care of his baggage, negotiate his own railroad and even pack his own properties. In fact, he has a thousand and one troubles to divert his mind from his proper business. It never seems to dawn upon the aspirant that it's much better to get into a great organization, where there's somebody to attend to every problem for him and where he has a chance to learn the details of stagecraft.

A clever vaudeville man, to begin with, must have a good act, and if he be unknown he must know how to talk his act to the managers. If he employs an agent he is at a disadvantage, because these persons work for the management of the theaters. Furthermore, the vaudeville man must remember that he comes out on to the stage with nothing behind him, practically no properties, no chorus girls to divert attention. The eyes of the people are centered on him. He must do it all. It is by far the most difficult business in the world to succeed at, unless one is very talented.—George M. Cohan, in the New York Sun.

Bemoaning His Youth.

Fontenelle, when nearly 100 years old, stumbled when trying to pick up the fan of a young and pretty lady. Says the Pall Mall Gazette. While she helped him to reach it, "Ah," he cried, "if only I was eighty again!"

The Road of Safety To the Land of Plenty

Worrying is one of the greatest drawbacks to happiness. Most of it can be avoided if we only determine not to let trifles annoy us, for the largest amount of worrying is caused by the smallest trifles.

Georgetown, Texas. J. A. Kimbo, says: "For several years past Foley's Honey and Tar Compound has been my household remedy for all coughs, colds and lung troubles. It has given permanent relief in a number of cases of obstinate coughs and colds." Contains no opiates. Refuse substitutes. H. P. Dunn.—Advtd. mwf

A Crushing Come Back.

"I started to tell my wife about a woman who made her own gowns."

"Well?"

"She capped my story with one about a man who made a million dollars."

Louisville Courier-Journal.

Young Women: Number Surprising

The number of young women who suffer with weak back, dizzy and nervous spells, dull headache and weariness is surprising. Kidney and bladder ills cause these troubles, but if Foley Kidney Pills are taken as directed relief follows promptly and the ills disappear. Contains no habit forming drugs. H. P. Dunn.—Advtd.

Recommended for Chronic Indigestion and Stomach, Liver and Intestinal Ailments.

"Thousands of people, some right in your own locality, have taken Mayr's Wonderful Stomach Remedy for Stomach, Liver and Intestinal Ailments. Dyspepsia, Pressure of Gas Around the Heart, Sour Stomach, Distress After Eating, Nervousness, Dizziness, Fainting Spells, Headaches, Constipation, Torpid Liver, etc., and are praising and recommending it highly to others so that they may also know the joys of living. Mayr's Wonderful Stomach Remedy is the best and most widely known Remedy for the above ailments. Ask your drug dealer for a bottle today. Put it to a test—one dose should convince. It is marvelous in its healing properties and its effects are quite natural as it acts on the source and foundation of stomach ailments and in most cases brings quick relief and permanent results. This highly successful Remedy has been taken by the most prominent people and those in all walks of life, among them Members of Congress, Justices of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers, with lasting benefit and it should be equally successful if your case. Send for free valuable booklet or Stomach Ailments to Geo. H. Mayr, M.D., Chemist, 124-126 Wabash Street, Chicago, Ill.
